VENERABLE LADY DIES ON SUNDAY

Miss Margaret McGinley, aunt of James J. and Miss Kathleen Hafferon, passed away last evening at the family home on Florence avenue. Deceased was born in Scotland 85 years ago, and had been a resident of Nevada for the past 40 years, coming to Tonopah five years ago to make her home with her nephews and nieces. The funeral will take place tomorrow morning from the undertaking parlors, thence to St. Patrick's church, where requiem masses will be celebrated at 9:30. Interment will be in the local cemetery.

WORK BEGINS ON SHAMROCK

Superintendent Sheppard in charge of the work being prosecuted on the Shamrock Divide property, which is located in the vicinity of the Apex, reports preliminary work going forward very nicely and Hon. Maurice Sullivan, who is here at present, and Hon. Pat A. McGarran, who heads the Shamrock company, are much pleased with the progress made on the property, which was only acquired one week ago.

There will probably be a small amount of Shamrock stock offered here which will no doubt be quickly absorbed as the company and property both have strong local supporters, and the stock should be very much in demand.

CHILD DIES AFTER LONG ILLNESS FROM PNEUMONIA

Bernice Radovich, age 5 years, died yesterday morning at 7 o'clock after suffering for some time from a complication of influenza which resulted in pneumonia. The death occurred at the home of Mrs. Radovich on St. Patrick street, where the family has resided since the death of the father, three years ago. Interment will take place Tuesday afternoon.

ANNOUNCEMENT BELCHER IS SOLD

(Continued from Page One.)
The company has had the benefit of expert examination by several eastern engineers, representing clients whose names stand for big things in the mining world. Each of these engineers made strong and favorable reports endorsing every recommendation of Mr. Roberts with such emphasis that there was no delay in getting the speeded group of capitalists together on a common plane of understanding. The present officers of the Belcher are: N. M. McCormick, president; Ed J. Roberts, vice president; C. L. Richards, secretary and treasurer. It is probable that the directorate will include George Wingfield and H. C. Brougher and it is also likely that Mr. Wingfield will be elected president. Mr. McCormick will continue as superintendent and Mr. Roberts will remain as engineer in charge. The Belcher has a shaft sunk to a depth of 400 feet by J. Phelps Stokes who was interested in the ground back in 1902. This shaft is too close to the western extremity of the Belcher to be used for efficient development so a new shaft will be put down at a more central location where cross fissures intersecting the main ore body from the Tonopah Divide will probably result in forming a zone of enrichment that may rival the wealth of the big property.

Belcher Extension Company.
Belcher Extension comprises six claims and three fractions with 2800 feet on the strike of the vein from the Tonopah Divide after extending through the Victory and Belcher groups. The area embraces 190 acres which was located by Hugh Sutherland and J. D. McLeod who had been prospecting on the Divide and around Tonopah for many years. These men were represented by Will McCarthy when Ed J. Roberts made an offer for the ground. The locations were made two years ago and are now in process of patenting. The Belcher Extension was owned jointly by Ed J. Roberts and Thomas J. Lynch, formerly U. S. deputy internal revenue collector for the southern district of Nevada until his mining interests became so great that he was compelled to ask the treasury department to appoint a successor. Mr. Lynch has been identified with the early history of Tonopah and is credited with the first substantial mining sale in the district which Jim Butler had brought to light. It is significant that after many years of dormant existence in Tonopah that the first big deal swung in the adjacent Divide district should be coupled with the name of one of the pioneer promoters.

The Belcher Extension has the advantage of a very large and well situated acreage, taking into consideration the various cross-fissures and the fact that the ledge opened three weeks ago on the Hedges is significant that after many years of dormant existence in Tonopah that the first big deal swung in the adjacent Divide district should be coupled with the name of one of the pioneer promoters.

Mr. Thompson, one of the officers of this company, advises me that his company will shortly advance the price of its stock to 50 cents; so it behooves those interested to place their subscription with me immediately. Orders may be phoned me at the Monarch-Pittsburg mine from 7 a. m. to 3:30 p. m. after which time I may be found at my home.

This announcement is largely for those friends whom it is a physical impossibility to see in so short a time, and to whom I recommended the purchase of Tonopah Divide at 20 cents. Simon Lead at 30 cents; High Divide at 15 cents; East Divide at 7 cents; Belcher at 20 cents and Divide Consolidated at 18 cents. Adv M12 t1 BRANCH H. SMITH
